VISA (non-European students)

Before moving to France, you need to apply directly to the French Consulate in your current country of study for a Visa type D, student, long-stay.

- **Once you arrive in France:**

Your passport / visa needs to be stamped by the Border Police at the airport! Without this stamp, the visa is not valid.

Within 3 months, you need to send with secured letter (French: *lettre recommandée avec accusé de réception*) following documents:

- Copy of your passport (pages: holder information, validity, stamp, visa).
- the original OFII form (the one you filled in at the time of VISA application in Portugal or Germany)

To:

OFII – Direction territoriale
55, rue Saint-Sernin
CS 90370
33002 Bordeaux Cedex

Once the OFII receives your letter and documents, you will receive within the next weeks an **appointment for a medical visit**.

You need to go to the medical visit with:

- Your passport
- An accommodation certificate
- A recent photography (face, non-covered head, 3,5 x 4,5 cm)
- A stamp OMI/ANAEM/OFII which costs 58€. You can buy it either in a tabac/paper shop in Bordeaux or through the OFII website: <https://www.timbresofii.fr/>

Once the medical visit is done, the OFII will insert a secured vignette in your passport. Without this vignette and after 3 months in France, you will lose your VISA rights and be considered as irregular resident. The vignette allows you to stay in French during the all validity period and to travel to other Shengen space countries.
